

NF May8 Day

We are very excited to launch the inaugural May8 'Mate' Day. May8 Day is a unique opportunity to not only celebrate your mates, but remind us to be a good friend and support those around us.

This day was born from an idea given to us by one of our parents within our NF community, who became concerned about the lack of understanding amongst children with differences. Whether we have lumps and bumps, whether we are the best reader in the class or need a little extra help, whether we speak with our mouths or sign with our hands - we ALL need a mate.

We will roll out May8 Day to schools and workplaces across Australia, and encourage everyone to dress in yellow to mark the occasion. There will also be an opportunity to make a gold coin donation and support the work we do.

If you would like for your school or workplace to take part, then simply download the poster here: <https://www.docdroid.net/FhT37P0/nf-may8-day-6.pdf.html>

If your school or workplace would like to take part, please register via this form: <https://goo.gl/forms/uloHanPWQJ0vS8YG3>

The official date is Monday 8 May, however 'Mate' Day can be celebrated anytime in May, marking NF Awareness Month.

Please help us spread the word by passing this on to your networks, we would love to see as many schools and workplaces as possible take part!

If you have any questions or concerns, please do not hesitate to contact Jodie Cooper by emailing jodie.cooper@ctf.org.au.
